All bets stand once accepted whether the customer is on-line or off-line.

## 16. CANCELLING A BET

Once you have placed your bet and we have accepted your bet and that SMS acceptance has reached the SMSC of the network operator, it is too late to cancel the bet.

## 17. ERRORS

PARIAZ LTD makes every effort to ensure that we do not make errors in accepting bets. However, if as a result of human error or system problems a bet is accepted at an odd that is:

- (i). **materially** different from those available in the general market at the time the bet was made; or
- (ii). clearly incorrect given the chance of the event occurring at the time the bet was made then PARIAZ LTD will pay winnings at the correct price.

To establish the correct price PARIAZ LTD will consider prices available in the general market at the time the bet was made, including the prices offered by other bookmakers on average. Example of circumstance where this would apply is when the price is recorded as 100-1 while the price on offer in the general market is 10-1.

## 18. FRAUD

PARIAZ LTD will seek criminal and contractual sanctions against any customer involved in fraud, dishonesty or criminal acts. PARIAZ LTD will withhold payment to any customer where any of these are suspected. The customer shall indemnify and

shall be liable to pay to PARIASZ LTD, on demand, all costs, charges or losses sustained or incurred by PARIASZ LTD (including any direct, indirect or consequential losses, loss of profit and loss of reputation) arising directly or indirectly from the customer's fraud, dishonesty or criminal act.

## **19. ACCOUNT CORRECTIONS**

PARIASZ LTD has the right to recover from you any amount overpaid and to adjust your account to reflect the true outcome and rectify any mistake. An example of such a mistake might be where a price is incorrect or where we enter a result of an event incorrectly.

## **20. DISPUTES**

Any dispute or difference that arises out of or in connection with the Contract shall be determined by the present rules and regulations. In the event, the matter is not settled partly or wholly, the matter shall be referred for arbitration to a panel agreed by both parties. The fees are payable by the party at fault. If, notwithstanding the above, the customer issues Court proceedings, PARIASZ LTD reserves the right to apply to a judge in chambers praying to stay those proceedings pending determination by the PANEL.

## **21 WITHDRAWALS (HOW BETS ARE TREATED)**

- (a).(i). In the case of a race, where betting re-opens anew, only the selection where the horse/horses do not participate will be cancelled and the bets refunded.
- (ii). In the case of a race, where betting re-opens anew whereby the horse in any selection is itself a non runner, all selection in which there is the referred horse will be cancelled and bets refunded. Thus, in any type of bets, the multiples containing the non runner will change into the next multiple down the grid. Example an 8 folds becomes a seven folds , a double becomes a single and so on.
- (b). In the case where there is a % deduction on the payout of the race, that % is applicable to only that race in any multiple.

**22. DEAD HEATS**

"Dead heat" is a term that generally describes when two horses in an event tie for first and second place. If a "dead-heat" is declared on any event, the payout is divided by 2. If more than two "dead-heat", the bet is proportioned accordingly.

**23. WIN**

If two or more horses dead heat for first place, then each horse in the dead heat is a winner.

**24. PLACE**

If two horses dead heat for first place, they fill the first two best ranked places. If three horses dead heat for first place, they fill the first three best ranked places, and so on.

**25. NON RUNNERS**

In the event of a non runner, the payouts are reduced in accordance with the % deduction in force. All bets on a horse declared a non runner are cancelled and bets will be refunded.
